

Arrestor Bed – Ascari Race Track

Project details:

Ascari has built a unique resort near Malaga, Spain, the centre of which is a brand new track flanked by luxury suites. Guests will have exclusive access to the track, giving them the chance to stretch their super cars in year-round perfect conditions. The “clockwise” track has a length of 3.352 Miles / 5.394 km.

3000 tonnes of Lytag® lightweight aggregate was used for the ‘vehicle arrestor beds’

Project:
Ascari Race Resort

Date:
2002 – 2003

Client:
Ascari Race Resort (Klaas Zwart)
